

JOEWARD PERALTA

Ontario, Canada | 647 901 3040 | joeward_peralta@outlook.com | www.linkedin.com/in/joewardperalta/

SUMMARY

Full Stack Developer with 1 year of experience creating dynamic websites. Proven skills in **React.js**, **Next.js**, and **JavaScript**. Ability to optimize website performance by using monitoring tools such as **Next.js Speed Insights**, and **Google Lighthouse**.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, C/C++, Java

Frameworks & Libraries: React.js, Next.js, Node.js, Bootstrap, Tailwind

Version Control: Git, GitHub

Database: MongoDB

Tools: Visual Studio Code, Figma, Photoshop, Illustrator

Others: Responsive Web Design, RESTful APIs, Agile/Scrum

PROJECTS

Portfolio Website | [GitHub Link](#)

- Designed and developed a mobile-responsive, user-friendly, and accessible website using **Figma**, **HTML**, **CSS**, **JavaScript**, **React**, **Next.js**, and **Tailwind CSS**
- Optimized performance and loading speed by compressing images, resulting in a 100-performance score; utilizing the **Lighthouse** tool
- Performed compatibility testing across major browsers (Chrome, Firefox, Safari) to ensure consistent user experience
- Used Chrome **DevTools** for debugging layout and performance issues
- Integrated **Google Analytics** to monitor visitor behavior and interaction
- Deployed the website on **Vercel**, optimizing it for continuous deployment and monitoring
- Set up **Git** and **GitHub** repository for version control and easy updates to code

EXPERIENCE

Freelance Full-Stack Developer | Remote | February 2024 – Present

- Designed and developed a mobile-responsive, user-friendly, and accessible website using **Figma**, **HTML**, **CSS**, **JavaScript**, **React**, **Next.js**, and **Tailwind CSS**
- Developed server-side applications and RESTful APIs using **Node.js** and **Express**; integrated third-party APIs and maintained secure data handling
- Enhanced web application speed and efficiency by optimizing assets, implementing caching strategies, and using performance monitoring tools
- Performed unit testing, integration testing, and debugging to ensure functionality and quality; utilized tools like **Jest**, **Cypress**, and **Postman**
- Used **Git** for version control and collaborated on code management through **GitHub**
- Deployed and maintained applications on **Vercel**
- Collaborated with clients to define project goals, requirements, and timelines
- Managed project timelines and deliverables, communicated progress, and ensured client satisfaction through regular updates and feedback sessions

CERTIFICATIONS

- **Responsive Web Design** – freeCodeCamp, 2023
- **HTML Developer** – W3Schools, 2023

EDUCATION

Seneca Polytechnic College

Advanced Diploma in Computer Programming & Analysis

September 2020 – August 2024
